

RAHUL MUDUVATH

PROFILE

Electronics and Communication Engineering student, I consider myself a responsible and orderly person. My objective is to obtain an IT Specialist position where, I can maximize my skills and development.

TECHNICAL SKILLS

Knowledge in programing like c and python.

FULL-STACK

HTML CSS JAVASCRIPT REACT JS TAILWIND CSS
NODE JS EXPRESS JS MONGO DB

GEN AI

PYTHON LANGCHAIN LLMS RAG

CERTIFICATIONS

- Certificate on Embedded system Developer through AICTE.
- Certificate of merit in IGNIUM 2022 a National Level Technical Symposiums by ISTE student chapter
- Certificate of completion on Web Development by Codsoft.

INTERNSHIP

Internship at IIIT Kancheepuram | May-2024

- During my internship with Quantum Cellular Automata (QCA), I worked on the development and analysis of advanced computational models based on quantum cellular automata principles.

PROJECTS

VEHICLE OVERLOAD DETECTION AND PREVENTION METHOD

- Vehicle overloading poses serious risks to road safety, infrastructure integrity, and environmental sustainability. To address this challenge, we propose a novel Vehicle Overload Detection and Prevention System (VODPS)

ImaginAI

- Geni AI is a web app that uses React and Node.js to generate images from text and voice prompts, powered by Hugging Face models for natural language and image generation.

ScoreSync

- ScoreSync is a full-stack live cricket score app that lets users create teams, add players, schedule matches, and update live scores. Inspired by Cricbuzz, it offers a smooth experience for score managers and viewers.

EDUCATION

Sri Gayatri Junior College

INTERMEDIATE

2019 - 2021

Matrusri Engineering College

Osmania University

2021 - Present

STRENGTHS

Adaptability and flexibility

Communication skills

Strong work ethic

VOLUNTEERING

2022 -
2023

IEEE

IEEE Membership

2024 -
Present

IETE

ETE Membership
